altreforme

altreforme is a young and innovatory brand, with deep roots based on a long entrepreneurial tradition. altreforme is established in 2008 as productive diversification of Fontana Group. The engineering sector, engaged from more than fifty years with the manufacturing of metal bodies for the most worldwide well-known and prestigious automotive companies, gives shape to a creative project exclusively intended for the contemporary design world.

Particularly light and shining aluminium sheets, usually applied in the industry, are being revived in altreforme, generating refined and high personality furnishings.

Ambitious styles, technology and exclusive patents allow to challenge consolidated shapes and to give life to difficult sinuosity, never seen before with aluminium.

International great designers newly re-create reliable production processes, technology and know-how and turn them into sensory emotions, artistic performance and...altreforme
